MADISON GREEN COLOR CHART (Approved by MGMA 8/26/10)

1. The “Color Board” is available for all to view at the Clubhouse. This Board may not be removed by any Homeowner, Board Member, or Management Company, etc.
2. Every effort was made for accuracy regarding color codes and the chart. It is up to each Homeowner to verify the color.
3. Village Property Managers or Village Architectural Review Committees must confirm that they have verified the following information on the Homeowner’s Architectural Change Application: the color requested is within the approved Color Scheme for their Village, the Homeowner’s roof color, and the colors of the homes of the Homeowner’s neighbors are not the same color the Homeowner is applying for approval.
4. Include on your Architectural Change Application the colors of your neighbors’ homes: the one to the left of your home, the one to the right of your home, and the one directly across the street from your home. This must be done before submitting the Architectural Change Application to the Madison Green Master ARC for final approval.
5. Homeowners must provide copies of their survey and lot (location) map. Failure to do so will delay the Madison Green Master approval process at least two (2) weeks.
6. Painting may NOT begin until it is approved by the Madison Green Master ARC. The original copy of the Architectural Change Application with a letter of approval must be received by the Homeowner before painting begins.
7. The Madison Green Master ARC approval is only valid for six (6) months. After that, if you have not completed your paint job, your neighbor can get approved for the Color Scheme, and you will not be able to use that Color Scheme AND will have to submit a NEW Architectural Change Application for painting.
